

Summer Newsletter 4

With only two weeks remaining of the school year, there is still plenty to look forward to as we celebrate the many achievements and memories made throughout the year.

We are eagerly anticipating the Year 6 production, which promises to showcase the incredible talent, confidence and dedication of our pupils.

Summer Fair

A huge thank you again to our HSA volunteers and especially to Laura for the success of the summer fair. Your hard work is greatly appreciated. Despite the very hot weather, lots of families came out to join in the fun and together we raised a wonderful £1417.

Sport at WBSJ

Sport continues to play an important role in school life, helping our pupils to build confidence, develop teamwork skills, and improve their health and wellbeing. Through participation in a wide range of sporting activities, children learn valuable life skills while enjoying the benefits of being active.

This year has been another successful one for school sport. We are especially proud of our Year 6 boys' cricket team, who recently achieved an outstanding third-place finish in the regional finals. Their commitment, determination and sportsmanship were a credit to the school.

As members of the Rushcliffe Sports Partnership, we have been able to provide pupils with a wealth of sporting opportunities throughout the year. Our children have taken part in 47 different sporting events! These events have enabled pupils of all abilities to represent the school, develop their skills and experience competitive sport in a supportive environment.

We are extremely proud of all our young athletes and look forward to another exciting year of sporting participation and success.

SATs results

We normally would have received Year 6 SATs results on Tuesday 7th July and shared these with children soon after. Unfortunately, along with all other schools in the country, we were contacted by the DfE early in July to be told that there would be a delay with results this year and they will now be shared with us on Thursday 16th July. This has been frustrating but is obviously something that is out of our control. We will be able to share results with the children in school on the Thursday or Friday following their release and will include them in end of year school reports, which we are intending to send home on Monday 20th July. Thank you for your continued support and understanding.
